1. What information do we collect from you?

To better provide you with our numerous services, we collect two types of information about our users: Personally Identifiable Information and Non-Personally Identifiable Information. Our primary goal in collecting information from you is to provide you with a smooth, efficient, and customized experience while using our Platform.

Personally Identifiable Information: This refers to information that lets us know the specifics of who you are. When you engage in certain activities on this site, including but not limited to, such as registering for a membership, ordering a product or service, submitting content and/or posting

content in discussion forums or other public areas, entering a contest or sweepstakes, filling out a survey, or sending us feedback, we may ask you to provide certain information about yourself by filling out and submitting an online form. It is entirely optional for you to engage in these activities. Suppose you elect to engage in these activities. However, in that case, we may ask that you provide us personal information, such as your first and last name, mailing address (including zip code), e-mail address, employer, job title and department, telephone and facsimile numbers, and other personally identifying information. When ordering products or services on the site, you may be asked to provide a credit card number or bank account / financial information. Depending upon the activity, some of the information we ask you to provide is identified as mandatory and some as voluntary. If you do not provide the mandatory data with respect to a particular activity, you will not be able to engage in that activity.

We may collect this information from third-party websites such as Facebook, LinkedIn, Foursquare, etc. If you input data through these third parties, we will use the information provided, and we are not liable for the accuracy of this information. Your relationship with third-party websites is governed solely by your agreements with such third parties, and the Company has no liability for those settings whatsoever.

Non-Personally Identifiable Information: This refers to information that does not by itself identify a specific individual. We gather certain information about you based upon where you visit our site in several ways. This information is compiled and analyzed on both a personal and an aggregated basis. This information may include the Web site's Uniform Resource Locator ("URL") that you just came from, which URL you go to next, what browser you are using, and your Internet Protocol ("IP") address. A URL is the global address of documents and other resources on the World Wide Web. An IP address is an identifier for a computer or device on a Transmission Control Protocol/Internet Protocol ("TCP/IP") network, such as the World Wide Web. Networks like the Web use the TCP/IP protocol to route information based on the IP address of the destination. In other words, an IP address is a number that is automatically assigned to your computer whenever you are surfing the web, allowing web servers to locate and identify your computer. Computers require IP addresses for users to communicate on the Internet.

2. Where do we collect information from you, and how do we use it?

We do not collect any Personally Identifiable Information about you unless you voluntarily provide it to us. For example, you provide specific Personally Identifiable Information to us when you:

- (a) Register for our services and register your e-mail address with us;
- (b) Sign up for special offers from selected third parties;
- (c) Send e-mail messages, submit forms or transmit other information by telephone or letter;
- (d) Submit your credit card or other payment information when ordering and purchasing products and services on our site;
- (e) Engage any of our consultants for services; or
- (f) Engage to provide services to our clients.

We may also collect information from you at other points on our site that state that such information is being collected.

Also, we may collect, or our third-party ad server and/or content server may collect, certain Non-Personally Identifiable Information. This information is ultimately stored in-store categories and, in

some cases, specific URLs. We use your IP address to diagnose problems with our servers, software, administer our site, and gather demographic information. Our third-party ad servers will also provide us with summary, but not individual reports that will tell us how many ads were presented and clicked upon at our site.

As part of the Platform, we may collect information and communications transferred between users, including between you and those you retain for services. These interceptions may include the work product itself or memos related thereto. Except as otherwise expressly noted, we do not treat the information in these communications as Personally Identifiable Information. Still, we reserve the right to use such data in association with Personally Identifiable Information. We may aggregate, analyze, and evaluate such information for the same purposes as stated above regarding any other Non-Personally Identifiable Information.

We will primarily use your Personally Identifiable Information to provide our services to you, as required by our agreements with you. We will also use Personally Identifiable Information to enhance the operation of our site, fill orders, improve our marketing and promotional efforts, statistically analyze site use, improve our product and service offerings, and customize our site's content, layout, and services. We may use Personally Identifiable Information to deliver information to you and to contact you regarding administrative notices. We may also use Personally Identifiable Information to resolve disputes, troubleshoot problems, and enforce our agreements with you, including but not limited to our Site Terms of Use, Sales Terms and Conditions, and this Private Policy.

3. With whom do we share your information?

We do not sell, trade, or rent your Personally Identifiable Information to others. Instead, we provide some of our services through contractual arrangements with affiliates, service providers, partners, and other third parties. Our service partners and we use your Personally Identifiable Information to operate our sites and deliver their services. For example, we must release your credit card information to the card-issuing bank to confirm payment for products and services purchased on this site; release your address information to the delivery service to deliver services that you ordered, and provide order information to third parties that help us provide customer service.

We will encourage our service partners to adopt and post privacy policies. However, the use of your Personally Identifiable Information by our service partners is governed by the privacy policies of those service partners and is not subject to our control. By using our services, you expressly acknowledge this fact.

Occasionally, we may be required by law enforcement or judicial authorities to provide Personally Identifiable Information to the appropriate governmental authorities. We will disclose Personally Identifiable Information upon receipt of a court order, subpoena, or cooperate with a law enforcement investigation. We fully cooperate with law enforcement agencies in identifying those who use our services for illegal activities. We reserve the right to report to law enforcement agencies any activities that we in good faith believe to be unlawful.

We may also provide Non-Personally Identifiable Information about our customers' sales, traffic patterns, and related site information to third-party advertisers. Still, these statistics do not include any Personally Identifiable Information.

Your information may be transferred outside of the jurisdiction in which you reside and may be stored or otherwise maintained on information systems and devices located in jurisdictions where the privacy laws differ from and, in some cases, may not be as protective as those in your jurisdictions. Your use of the Platform acts as consent and acknowledgment to such transfer.

4. How can you update or correct your Personally Identifiable Information?

We believe you should have the ability to access and edit the Personally Identifiable Information that you have provided to us. You may change any of your Personally Identifiable Information in your account online at any time by linking to your account in accordance with instructions posted elsewhere on this site. You may also access and correct your personal information and privacy preferences using the “Contact Us” feature. Please include your name, address, and/or e-mail address when you contact us.

We encourage you to update your Personally Identifiable Information if it changes promptly. You may ask to have the information on your account deleted or removed; however, because we keep track of past transactions, you cannot delete information associated with past transactions on this site. In addition, it may be impossible to completely delete your information without some residual information because of backups.

If you wish to delete your profile, you may contact us. In addition, we may retain an archived copy of your records as required by law or for legitimate business-related uses.

5. What are your choices regarding the collection, use, and distribution of your information?

From time to time, we may send you e-mail(s) regarding our products and services. In addition, if you indicated upon registration that you are interested in receiving offers or information from our partners and us, we may occasionally send you direct mail about products and services that we feel may be of interest to you. Only our Company (or agents working on behalf of us and under confidentiality agreements) would send you these direct mailings if you indicated that you do not object to these offers. If you do not want to receive such mailings, please tell us when you give us your personal information. Alternatively, at any time, you can easily edit your account information to no longer receive such offers and mailings.

You will also have the choice to make a profile on the Platform as either a contractor or job poster. You will have the ability to edit and change this information; however, prior information posted may be stored by us at our discretion. It is your choice to put this information publicly on the Platform. All registered users may review, update, correct, or delete the personal data in their registration profile by contacting us or making edits via the accounts.

You also have choices with respect to cookies, as described below. In addition, by modifying your browser preferences, you have the option to accept all cookies, to be notified when a cookie is set, or to reject all cookies. If you choose to reject all cookies, some parts of our site may not work correctly in your case.

6. What security precautions are in place to protect against the loss, misuse, or alteration of your information?

You can be assured that your Personally Identifiable Information is secure at our site, consistent with current industry standards. The importance of security for all Personally Identifiable Information associated with our users is of utmost concern. Your Personally Identifiable Information is protected in several ways. Access by you to your Personally Identifiable Information is available through a password and unique customer ID selected by you. This password is encrypted. We recommend that you do not divulge your password to anyone. Also, your Personally Identifiable Information resides on a secure server that only selected Company personnel and contractors have access to via password. We encrypt your Personally Identifiable Information and thereby prevent unauthorized parties from viewing such information when it is transmitted to us.

Personal information that you provide that is not Personally Identifiable Information also resides on a secure server and is only accessible via password. Since this information is not accessible from

outside the Company, you will not be asked to select a password to view or modify such information.

In order to most efficiently serve you, credit card transactions and order fulfillment are handled by established third-party banking, processing agents, and distribution institutions. They receive the information needed to verify and authorize your credit card or other payment information and process your order.

While the Company takes security with utmost sincerity, it should be noted that this is not a HIPAA compliant business and should not be used to store and protected health information ("PHI"). By using the site, you agree not to keep any information containing PHI.

Phishing and other identify theft practices are of great concern to the Company. We do not and will not, at any time, request your credit card information, your account ID, login password, or any identification numbers in a non-secure or unsolicited e-mail or telephone communication. We strongly advise you not to respond to any such requests and report them to us immediately. More information can be found on phishing by contacting the Federal Trade Commission.

Unfortunately, no data transmission over the Internet or any wireless network can be guaranteed to be 100% secure. As a result, while we strive to protect your Personally Identifiable Information, you acknowledge that: (a) there are security and privacy limitations of the Internet which are beyond our control; (b) the security, integrity, and privacy of any and all information and data exchanged between you and us through this site cannot be guaranteed; and (c) any such information and data may be viewed or tampered with in transit by a third party.

7. Do we use "cookies"?

When you use our site, we will store cookies on your computer in order to facilitate and customize your use of our site. A cookie is a small data text file, which a Web site stores on your computer's hard drive (if your Web browser permits) that can later be retrieved to identify you to us. Our cookies store randomly assigned user identification numbers, the country where you are located, and your first name to welcome you back to our site. The cookies make your use of the site more accessible, make the site run more smoothly, and help us to maintain a secure site. Of course, you are always free to decline our cookies if your browser permits, but some parts of our site may not work correctly in that case.

We may use an outside ad serving company to display banner advertisements on our site. As part of their service, they will place a separate cookie on your computer. We will not provide any third-party ad server with any of your Personally Identifiable Information or information about your purchases or services provided by our Company. We and our third-party ad server will collect and use Non-Personally Identifiable Information about you, such as your IP address, browser type, the server your computer is logged onto, the area code and zip code associated with your server, and whether you responded to a particular ad. Other advertisers may also place banner ads on our site in the same manner as above, but we will not disclose any Personally Identifiable Information to them.

8. What should you know about privacy policies and data collection at any third-party sites accessible from our site?

Except as otherwise discussed in this Privacy Policy, this document only addresses the use and disclosure of information we collect from you. Other sites accessible through our site have their own privacy policies, data collection, use, and disclosure practices. Please consult each site's privacy policy. We are not responsible for the policies or practices of third parties. Additionally, other companies that place advertising on our site may collect information about you when you view or click on their advertising through cookies. We cannot control this collection of data. You should

contact these advertisers directly if you have any questions about their use of the information that they collect.

9.What else should you know about your privacy online?

You must be at least 18 years old to have our permission to use this site. Our policy is that we do not knowingly collect, use, or disclose Personally Identifiable Information about visitors under 18 years of age.

You should also be aware that when Personally Identifiable Information is voluntarily disclosed (i.e., your name, e-mail address, etc.) in the forums or other public areas on this site, that information, along with any information disclosed in your communication, can be collected and used by third parties and may result in unsolicited messages from third parties. Such activities are beyond our control, and this Policy does not apply to such information. Any submissions to chat rooms or other public areas on this site are accepted to understand that they are accessible to all third parties. If you do not want your comments to be viewed by third parties, you are advised not to make any submissions. Ultimately, you are solely responsible for maintaining the secrecy of your password and/or account information. Please be careful and responsible whenever you are online.
